### Announcement of Competition

#### 1. GENERAL

##### 1.1 Competitive sections

Due to the high number of works, the festival board has decided to divide the works into two different categories. By doing so it has given the opportunity to professional and non-professional authors to confront themselves in a homogeneous category. Furthermore, this choice allows the Technical Jury to easily provide a more equal appreciation of the works.

Here are the categories:

-**Sguardi d'autore**: short films made by professionals of the sector. No thematic or genre limits. Time limit 15'.

-**Nuovi percorsi**: independent authors with low budgets. No thematic or genre limits. Time limit 15'.

-**Spazio Scuola**: this one is dedicated to middle and high school students. No thematic or genre limits. Time limit 15'.

-**Documentari**: Italian and foreign documentaries are allowed in this section in any genre and format. Time limit 40'.

**N.B.** All works for each category must have both italian and english subtitles.

## 1.2 Preselection

All submitted works will be preselected by a Committee. The preselection passing will imply the admission to the finals. Only the selected works will be announced on our website ([www.coffi-de.it](http://www.coffi-de.it)) under the heading "on contest". The works will be admitted to the finals according to the following evaluation parameters:

- In order to be admitted in the section Spazio scuola the entry-form must be followed by an informative documentation in which you have to write information about the purpose and the educational project on which the work is based.

when filling in the entry-form you have to indicate the category in which you want to compete. The selection Committee reserves the right move a short film to a different category in order to guarantee homogeneity in the categories.
